

PROGRAM OVERVIEW

Introduction

The *CCSS Traditional Pathway: Geometry Program* is a complete set of materials developed around the Common Core State Standards, the CCSS curriculum map in Appendix A, and the Geometry course descriptions. The components are designed to support students in meeting and exceeding the standards encompassed by the Geometry course. The program realizes the benefits of exploratory and investigative learning, and employs a variety of instructional models to meet the needs of students across the range of learning styles.

In addition to a glossary, the complete *CCSS Geometry* program includes the following components:

In each unit:

- Unit Assessment
- Station Activities

In each topic:

- Pre-Assessment
- Standards
- Essential Questions
- Words to Know
- Recommended Resources
- Progress Assessment

In each lesson:

- Standard(s)
- Warm-Up
- Warm-Up Debrief and Connections to the Lesson
- Identified Prerequisite Skills
- Introduction
- Key Concepts
- Common Errors/Misconceptions
- Guided Practice
- Problem-Based Task
- Problem-Based Task Implementation Guide
- Problem-Based Task Coaching Questions
- Problem-Based Task Coaching Question Sample Responses
- Closure Activity
- Practice
